

World Thinking Day has been celebrated since 1926 as a day of international friendship. It is an opportunity to speak out on issues that affect young women and for the 10 million Girl Guides and Girl Scouts in 150 countries to work together.

British Girlguiding Overseas - World Thinking Day event - #WTD2022

Following on from the success of last year we are repeating our facilitation for BGO units to meet up virtually over the Thinking Day weekend.

The 2022 event will take place from 18 February - 21 February 2022 to celebrate World Thinking Day. This allows girls from all over British Girlguiding Overseas to meet virtually via Zoom with another unit in a different country at some time over these four days.

Obviously, time zones may be an issue between some countries hence two of the days are weekend days wherever you are in the world with Saturday being a weekend day for everyone.

To register for this event, we need to collect information from those who would like to participate including contact details in order that we can put you in touch with each other. Where units do not expect to be able to run a virtual meeting, leaders can alternatively register to exchange messages with another BGO unit. Please offer as many options as possible when you might be able to meet up to give us the greatest flexibility.

To register please [Click here](#)

Please complete the form by 23 January, you will then hear back from us regarding your twinned unit by 1 February

The theme for WAGGGS - World thinking day 2022 is “Our World, Our Equal Future”
